Amount of Award	200000.00	Total Amount of Payments to Vendors less than \$25,000/award	0.00
Award Date	09/16/2009		
Award Description	The purpose of the ARRA 2009 State Loan Repayment Program (SLRP) funding opportunity is to support Delaware's well established program to achieve an appropriate number and geographic distribution of health professionals in Delaware, with a particular focus on areas of the state federally designated as underserved. The SLRP offers licensed health professionals an opportunity to receive awards for repayment of educational loans in exchange for their commitment to serving the uninsured, underinsured, Medicaid, and Medicare populations in DE. The SLRP helps to address health professional workforce shortages that may cause disparities in access to health care.

Project Information		
Project Name or Project/ Program Title	ARRA State Loan Repayment Program	Activity Codes (NAICS or NTEE-NPC) (up to 10)
Quarterly Activities/ Project Description	SLRP applications are accepted by the Delaware Health Care Commission on a continuous basis and reviewed by the Loan Repayment Committee, at quarterly, regularly scheduled meetings. The review/recommendations are based on the objective review of data (public health indicators, the number and spatial distribution of providers practicing in DE, hospital needs assessments), the availability of funding, applicant clinician characteristics (location/urban-rural, racial/ethnic characteristics, languages spoken, education and work experience, and practice sites (i.e. number/percentage of Medicaid/low-income uninsured served). Recommendations of the Committee regarding medical provider applications are forwarded to the Delaware Institute of Medical Education and Research Board (DIMER), dental recommendations are forwarded to the Delaware Institute of Dental Education and Research Board (DIDER), and finally to the Health Care Commission for ultimate decision. The Delaware State Loan Repayment Program has the potential to benefit healthcare in underserved communities of the state in a variety of ways: Fill gaps in access to primary care services by increasing the number of providers in underserved areas, thereby increasing the number of patients who can obtain access to primary care services on a timely basis; improve the retention of providers by providing incentives for those to stay who otherwise might leave	Activity Code 1 G03 Activity Code 2 Activity Code 3 Activity Code 4 Activity Code 5 Activity Code 6 Activity Code 7 Activity Code 8 Activity Code 9 Activity Code 10

to pursue higher salaries elsewhere; address health disparities via application review criteria that take into account gender, racial/ethnic background and languages spoken; assure quality health care by considering the education and experience of providers of applicant clinicians.

Project Status Completed 50% or more

Total Federal Amount ARRA 8800.00

Funds Received/ Invoiced

Number of Jobs 0.00

Description of Jobs Created Under the SLRP program, authorized awards for repayment of outstanding government and commercial loans incurred during undergraduate and/or granduate education (i.e. principal, interest and related expenses for tuition and educational costs) are provided to eligible health professionals who agree to practice in underserved areas of the state. Eligible applicants include advanced degree practitioners (i.e. primary care physicians, providers of geriatric services, general psychiatry, pediatric dentists, general practice dentists) and mid-level practitioners (i.e. primary care certified nurse practitioners, nurse mid-wives, physician assistants, psychiatric nurse specialists, lincensed clinical social workers, mental health counselors, registered clinical dental hygienists). Loan repayments make clinician salaries and benefits packages more attractive and competitive. Just as this can be helpful when recruiting providers, it can help a practice retain providers in their employment, who otherwise might be lured by higher salaries elsewhere.
